## BEING a Leader

A Global Conversation with Frances Hesselbein

# Live!

ONLINE global conversation series

Please join us for our **2012 BEING a Leader LIVE!** webinar series. Each global conversation is designed to explore the daily challenges and opportunities that all leaders face. As a participant, you will have an opportunity to shape the discussion by suggesting questions and/or themes when you register.

Over 2000 leaders contributed to our *Leadership by Example Series*, representing several dozen countries and over 800 organizations. In 2012, based on the hundreds of questions and ideas we received, we are focusing on the basics of *being a leader*. Each BEING a Leader webinar will be distinctly different, building upon what we learn from one another each time. Since 2009, Frances has teamed up with Debbe Kennedy, author and founder of the Global Dialogue Center to host ONLINE global gatherings focused on values-based leadership. We are excited to present this new series.

**THE GOAL:** To strengthen in each of us, *the passion to serve, the discipline to listen, the courage to question, and the experience of sharing knowledge and learning across cultures, leader positions, industries, and sectors.*

Below are the key details and the links to register. **Reserve your place:**

### EVENT REGISTRATION | **BEING a Leader LIVE! Series** *Reserve your place for three distinctively different global conversations.*

1 Tuesday, June 5, 2012 [VIDEO WEBINAR REPLAY](#)
