

"Haven"

**New Piano CD by
Jessica Roemischer
Available July 21st
iTunes, CD Baby, Amazon!**

"Jessica Roemischer's solo piano performance on 'Haven' is a musical meditation, an exploration of melody through the prism of blues, jazz, classical, and more. She wonderfully integrates these styles into a tapestry of sound textures that evoke peace, because they come from love."

**Greg Thomas, Music Writer and Author,
New York Daily News**

"Jessica Roemischer creates cathedrals of sound, visible and tangible, not just audible. She is a true improviser, bravely venturing, her vistas unrestricted, but always honoring the melody and its harmonic richness...She leaves the listener enriched and delighted."

Michael Steinman, Jazz Lives
