

*I can't believe this happened!*

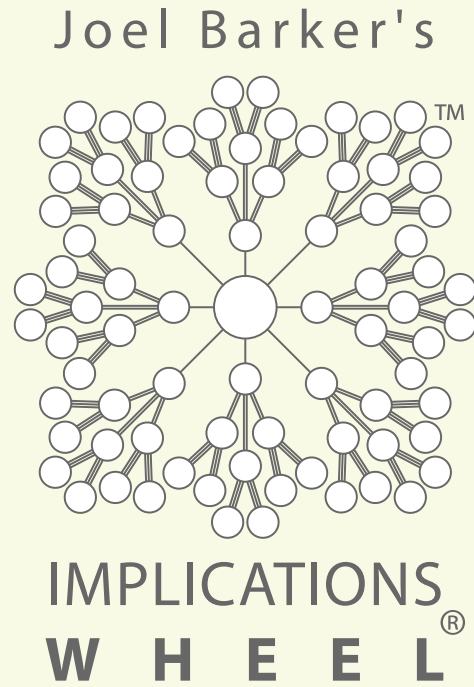

*It seemed like a good decision at the time...*

*We never saw this coming...*

*If I'd have only known...*

*"Finding the answer is only the beginning of the solution."*

*—Joel Barker*

**Please join us for a free informational webinar on Joel Barker's Implications Wheel<sup>®</sup> —where you can learn about finding the future faster.**

What if you could *explore* these possibilities? Even better, what if you could identify unintended consequences and dramatically reduce your risks before they happened?

Joel Barker's Implications Wheel<sup>®</sup> is the best strategic planning tool available. It can help you quickly and efficiently uncover the risks and opportunities of any idea. It is vital for assessing innovations and exploring potential changes.

**To learn more about the advantages of the online Implications Wheel<sup>®</sup> and explore the many benefits, please join us for a free webinar. These webinars will also discuss the Implications Wheel<sup>®</sup> Certification.**

WEBINAR DATES: (all times are CDT)

- » Tuesday, June 7, 2011 » 1:00 p.m.
- » Thursday, June 16, 2011 » 1:00 p.m.
- » Wednesday, June 22, 2011 » 9:00 a.m.

“... the Implications Wheel<sup>®</sup> opens up opportunities and highlights risks, especially one or two levels deeper than traditional scenario and risk analyses reveal.

—Andrew Crossley, Managing Director, ServQ Limited, UK

**So, if you want to:**

- » Assess the value of innovations...
- » Identify long-term implications of an emerging trend...
- » Examine the consequences of a new policy, regulation, or strategic objective...

**Then you need Joel Barker's Implications Wheel<sup>®</sup> in your strategic tool box!**
